

LAUNCH OF SUSO WEBSITE

RELEASE DATE:

13th AUGUST, 2024

PRESS RELEASE

We are pleased to relaunch our revamped website of Stand Up Shout Out.

Stand Up Shout Out was founded by Peter Moll when he was 20 years old,, starting off as a youth movement in January 18th 2013 and officially became an International NGO based in Kenya in 2018.

We deal with Good Governance, Poverty Reduction, Youth inclusion, Conservation and sports.

Over the 11 years of work, our greatest impact has been in the space of wildlife conservation; from policy to community engagement we have made a space for youth to be partners in the vision.

Today we celebrate the relaunch of our website that will help the public interact with us more, learn of our work and create a platform that will help us do more and be more in our vision and mission.

We welcome the public to engage with our website, share it far and wide and help us grow our community of change makers, for people and nature.
